County Sets Up Industrial Commission

ROTARY CARNIVAL BIG SUCCESS

The Rotary Carnival here in Minden is now history, but the Club has the finances from the proceeds to carry on with the many worthy projects for the community over the next year. Financially it was a great success and some 4000 people enjoyed the two evenings of entertainment.

The results of the many events are as follows:

On Wednesday the winners of the Stinson's Memorial Race were L. Crowe and W. Williams of Lakefield, second Roy Healey and Ken Reeves of Lindsay third John Touel and Richard Heron of Camp Kandalore.

The best Commercial Float in the parade on Wednesday was the entry from Cox's Apparel. second prize went to the Pine Shop. Best Lodge or Camp Float was won by Camp Kandalore, second prize to Hart Lodge. The Minden Playground Float was first for the best Miscellaneous entry. Best Ladies Costume was won by Lee Swan. Best bike entry was won by Kelly Greir, second in this entry was Leslie Booth. Best boy or girl costume first Andrea Burke, second was Linda Grant and third Ronald Cooper.

The dance contest on Wednesday night on stage was won by Pat Vasey and Kirk Coneybeare, second Julia Griffiths and Sandy Duke, third Kelly Greir and Louise Fleming.

Plenty of action on stage Thursday night as the 3 card boxing exhibition was held. In the opening bout Mark Greir won over Leslie Booth. The second bout Brian Shaw won over Doug Lougheed. The third bout Mike Collis won over Shannon Mercer.

Girls Nail Driving contest had plenty of entries with the winner being Jody Campbell, second was Louise Fleming. Boys Nail Drive was won by Curtis Gartshore, second Bill Hogg. Ladies Nail Drive was won by Marg Coulter, second Roen McKelvey and third Lindy McKnight.

Winners of the Log Sawing contest were Royce Cowan and Alex Little, second Cleve Stamp and Wes Rivers, third Paul Warberton and Bill MacMinn.

Winner of the Rotary Club 50-50 draw for \$75.00 was Marlin Gartshore of Minden with ticket number 1251.

The Rotary Club of Minden would like to extend their appreciation to all those who took part and helped to make this year's Carnival such a success, without this kind of support, it would be impossible for the Club to stage such an event.

NEW DEPARTMENT HEAD FOR DISTRICT

Mr. Bruce Hodgins, the representative of the Ontario Dept. of Agriculture and Food visited with Ted Campbell, Secretary Manager of the Chamber of Commerce, on Tuesday and Wednesday of this week. Mr. Hodgins' particular function with the Department is the administration of ARDA (Agricultural Rehabilitation and Development Act) for this area which includes Victoria, Peterborough, Haliburton, Hastings and Northumberland Counties. Mr. Hodgins' office is located in Peterborough at 55 George St. N. ARDA was formed for the purpose of assisting rural people to improve their standard of living and to date has included a land purchase and leasing arrangement assistance to small industry locating in rural areas and retraining and re-locating rural people who are unemployed. An ARDA project near our area was the development of Mt. Madawoska, a modern 4 season recreational complex.

MINDEN GIRLS TRY C.F.S.A. TESTS IN LINDSAY

Several girls from the Minden Figure Skating Club have been travelling to Lindsay the past month where they have been taking figure skating lessons.

Test days were held last week and the following girls passed their test: 2nd figure — Susan Leary, Willow — Katie Leary, Fourteen Step — Anne Campbell, Susan Leary, Kelly Beene, European — Kelly Beene, Fox Trot — Kelly Beene.

Skating will continue through the month of August and another test day will be held on August 29.

Ted Campbell, Secretary Manager of the Haliburton Highland Chamber of Commerce announced today that the Chamber of Commerce and the Haliburton County Council have reached agreement on the formation of a Haliburton County Economic Development Commission. The purpose of this Commission will be to assist any industry, including Tourism, that wishes to locate in our County. It is hoped that this Commission will assist in the future expansion of our economic base, which at present is mainly a summer operation.

The members appointed to the Commission are as follows: Grenville-Martin Lumber Company (Harcourt); Gary Agnew-Agnew's General Store (Wilberforce); Carman Wright-Wright's Grocery and Marina (Haliburton); Gerald M. Dawson C.A. Dawson, Gray and Co. (Haliburton); Roy Windover-Warden, Haliburton County; Harry Campbell-Minden; Art Ward-Owner, Wig A Mog Inn (Haliburton); H. Curry Bishop P. Eng-Surveyor (Haliburton).

The Commission, as it is set up will operate within the Chamber of Commerce as is done in most areas.

The Commission has already

TWELVE MILE LAKE ASSOCIATION MEET

Meeting was held July 31, 1971 at Price's Maebur for which we would like to thank Mr and Mrs Price. The meeting was well attended. A new Executive was chosen: Mr. Vern Workman — President, Mrs. T. Munshaw — Vice President, Mrs. J. Freer — Secretary, Mr. R. McPherson — Treasurer.

A report from the Department of Lands and Forests to Mr. Ross Harrison was read stating that the lake was in excellent condition for recreational uses.

A free dye is going to be available for cottagers on this lake to check their septic tanks. A great concern was expressed at the litter left by ice fishermen this winter. A regatta is being planned for next year. More news to follow on this.

Committees set up: Sports Comm., Pollution and Conservation, Planning, and Social.

made a number of contracts for new businesses in our area and will work very closely to the Ontario Development Corporation and the Federal Dept. of

Regional Economic Expansion. For further information please contact Ted Campbell at the Chamber of Commerce office in Minden.

KASHAGAWIGAMOG LAKE

2 bedroom modern cottage, 4 pc. bath, nice kitchen, beautiful view, heavily wooded lot, safe shoreline. \$12,500 — \$5,000 down.

HERE AND THERE

with Fenwick Finch

The Rotary Carnival is over for another year — and, very successful it was. I was glad to hear that Lawrence Pritchard was able to be around and in the lead car of the parade. Lawrence is a

charter member of the Minden Rotary Club and has spent the greater part of his life in the interest of the community, he has been in every office of the Municipality and at all times he has put the good of the community ahead of his own interests. He well deserved the loud and prolonged applause that followed him along the parade route.

* * * *

I have mentioned several times that I hadn't heard from nor laid an eye on the Wesson's. Had a nice visit from them over the week-end. I can well see why they haven't been around. Last December Ruby was injured in a car accident and is still wearing a "crash collar" for whip lash. Hedley is recovering nicely from a serious coronary early in the year.

It's good to see them around again. They are great community boosters and we sure can't spare them.

* * * *

Had a very enjoyable get-together a couple of weeks ago. Wanted to tell you about it last week but had too much material.

The outing was the annual party of the Minden Post Office Staff. The host and hostess of the group were Lloyd and Helen Johnston. They are certainly friendly and good hosts.

I always have trouble finding my way around the Blairhampton area were the Johnstons live. The other night was no exception. I made some inquiries and checked the maps so's I know right where I was — we left Minden and everything seemed to be in the bag. One hour later as I headed into the Maple Lake Area I knew we'd made a wrong turn or two. Heading back we missed something again and I ended out on highway 35 around Carnarvon. We started through again and this time we made it.

This friendly type of gathering is almost a thing of the past — no "boob tube" to interfere with conversation and visiting — it's something we should do oftener.

* * * *

One of the guests at the picnic was my good friend Amos Brubacher. I have the greatest respect for his skill at turning the word and you've got to be on the bit if your going to come out on top of any exchange of repartee. I learned another respect for Amos — he's got a deadly eye and a strong right arm. We were introduced to "Lawn Darts" which involves throwing darts into a plastic ring. He's pretty good at it, (he's pretty handy with cheese cake too). During the conversation horseshoes was mentioned and Mr. Brubacher deplored the lack of any courts around here — seems he is a pretty mean shoe pitcher.

That's a good thought — any ideas of how a Horse-shoe Club could be formed?

* * * *

Some little time ago Don Goodwin District Representative of the Department of Tourism and Information sent me a booklet on the recreation resources of the Haliburton Highlands. It is a gem of a folder and I'll be able to use some of the interesting material from time to time.

Fenwick

MEET WITH SENIOR CITIZENS AT HYLAND CREST

During the month of June, the Senior Citizens of Haliburton County along with the rest of Ontario, celebrated Senior Citizens' Week. The staff and residents at Hyland Crest were happy to share in this project. However, one week in the year to Citizens is not enough.

The suggestion has been made that a regular getting together of the older residents of the community might be of interest.

Hyland Crest has the greatest number of Haliburton pioneers gathered in one place. What about others joining them for a friendly social alliance?

Much interest and information is being offered by the Office on Aging, Homes for the Aged Branch of the Department of Social and Family Services regarding the formation of Senior Citizens' Centres and Clubs which could be useful in our Community. There are facilities and space available at Hyland Crest, which could be used to provide a meeting place for an interested group.

With the assistance of some volunteers and the co-operation of all who are interested in such a group one can be formed. Those who come will choose the type of program they want and will also direct it under the Auspices of the Home and its staff.

If you are interested, let us know so we can plan for an early start in the Fall. Come to the Home and see what we have to offer, or call us at 286-2140 and make your suggestions for a happy fellowship with your contemporaries.

FENELON FALLS FEATURES

by Ross Leslie

Well, I really think that this community's biggest claim to fame is the Fenelon Animal Clinic. A few days ago, I brought one of my cats here to have a bad tooth removed. Everything went smoothly. Dr. Patricia Schroeder concentrates on small animals, and her husband on large animals. Keep the Fenelon Animal Clinic in mind — their telephone number is 887-2731.

Visitors love the automatic locks here — Fenelon Falls is part of the Trent Canal Waterways Systems.

Lyons Motors operates a taxi service and most of the stores remain open on Wednesdays afternoon.

The Rotary Beach on Lake Cameron has lifeguard service. This is where I landed the Cessna 172 with my cat.

A bit of excitement here on July 28, when an outboard sank in a lock.

NOTICE

The Expropriations Act 1968 - 69 NOTICE OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND

Department Of Transportation And Communications
IN THE MATTER of an application by the Minister of Transportation and Communications for approval to expropriate in the Township of Snowdon, in the Provisional County of Haliburton.

FOR THE PURPOSE of acquiring sufficient land to divert a township travelled road and improve its connection to Highway 519.

NOTICE IS HEREBY GIVEN that application has been made for approval to expropriate the land described in the schedule hereto.

Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing,

(a) in the case of a registered owner, served personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;

(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice.

THE APPROVING AUTHORITY IS

Minister of Transportation and Communications
Parliament Buildings, Toronto 5, Ontario.

Minister of Transportation and Communications
W. Wigle, Director, Right-Of-Way Branch.

NOTES:

1. The Expropriations Act, 1968-69 provides that,
(a) where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;

(b) the inquiry officer,

(i) shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and

(ii) may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed \$200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.

2. "owner" and "registered owner" are defined in the Act as follows:

"owner" includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian, executor, administrator or trustee in whom land is vested;

"registered owner" means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the proper registry, land titles or sheriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;

3. The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

SCHEDULE

All right, title and interest in the land described as follows: In the Township of Snowdon, in the Provisional County of Haliburton, being part of Lot 26, Concession 14, designated as PART 5 on Department of Highways' Plan P-7047-28 deposited in the Registry Office for the Registry Division of Haliburton as Number RD-182.

This Notice first published on the 5th day of August, 1971.

DOLLARS AND GOOD SENSE

by William J. Martin

Mr. Martin serves as special consultant to Avco Financial Services. All questions should be sent to him at P.O. Box 5875, London Ontario, Canada. Those containing a name and address will be answered in this column or by direct return mail. No names will be used in print.

I've been saying it for years, but recently a university economist set forth some basic tips for avoiding losses when making purchases, that I'd like to pass along to you.

Mr. George Campbell of the

University of Arizona said that the cost of living is creeping upward, making the household budget control a struggle for many families. He added that it is now more important than ever not to get "gypped" when making major purchases, such as household appliances, furniture, used cars and those other purchases where time payments and contracts are involved.

His rules for avoiding problems are:

1. Never sign anything you have not read or cannot understand. Once you sign it, you may be bound with a legal obligation even though it was not a fair or honest deal.
2. Turn off the high-pressure salesman and take time to think for yourself. Ask him to stop talking so you can read the contract.

3. Compare prices and bids; good business are happy to give estimates.

4. Figure finance charges for installment purchases on a yearly basis and add these charges to the selling price.

Good advice to which I might add one of my favourites — keep a spending plan. I haven't talked about budgeting for awhile and I'm starting to receive more mail about that subject.

Everybody, no matter what financial position they are in, should have a budget or as I prefer to call it, a spending plan.

It is really a simple thing to develop and utilize. A spending

plan is nothing more than a listing of your income and your spending. It sounds simple, but you might be surprised at your own spending pattern when you take the time to itemize it.

To this list, simply make some projections. Set some goals, start a saving plan. Reduce spending in certain areas that don't fit your overall goals.

With a good working spending plan and the knowledge of how to avoid certain buying traps, your life will probably be a lot brighter. Try it, for as the professor said, with inflation and the cost of living steadily increasing, it is indeed more important than ever to practice sound family financial management.

PLAYGROUND ACTIVITIES

"Carnivals" was our theme this week at the Playground. We talked about what you do and what you see. In fact we were even in one! On Wednesday 28 after much preparation we entered a float in the Rotary Parade. Our float "The Carnival Puppet Company" was crowded with all kinds of puppets. Fishermen, witches, cowboys, and Indians were only a few. Beside having a lot of fun we won the Miscellaneous Prize of \$15.00, which will go towards a party later in August.

We also had a display of Arts and Craft items made by the children. Hope you noticed it on Wednesday and Thursday nights at the arena.

Baseball practice was held again Thursday morning at 9:30. Attendance was not 100 per cent probably due to the Carnival.

Games this week included a variety of group participation ones such as a Tug of War and Shoe Scramble. We even went lion hunting one morning!

If August days are dragging for you, come to the Playground. Hope to see you!

DON'T ROCK THE BOAT

Someone asked last week why we keep harping on the absence of pollution in Haliburton County and how conspicuous it is in its absence. This is a good question and one that has a good answer.

Pollution in Haliburton County is at a level where it can be regarded as almost insignificant, but that could be a temporary condition at best. Harping on the subject may be old hat but it does keep the subject before the eyes of the public. There are two main reasons for such writing. First, we are able to point with pride at one small corner of this province that has met the pollution problem head-on. True the problem has not been eliminated nor have the common house flies been removed from the sight of human eyes. Both of these problems will be with the human race forever at least.

Citizens of this County are aware of the problem. What is more they are trying to do something about it. Elected personnel are also zeroing in on the battle against pollution and that has to be good. In all due respect to elected representatives, when one can stir them into action, any battle is half won before it is met.

The second reason for our harping on the subject is more comprehensive and all embracing. If we can stir our own area into taking action, perhaps other districts will follow the same path. Pollution is not restricted to one area alone. One cannot hope to reduce pollution in his or her own backyard as long as a neighbour is continually contributing to the problem.

Such is the case in Haliburton County. Pollution is under control but the reverse could be the case if neighbouring areas are not made aware of their responsibilities. It is equally important to control pollution in all areas. North, south, east and west, otherwise Haliburton County could be the dumping ground for other areas. This is fact, not fiction.

There is another point that deserves mentioning. Human nature, greed, ignorance and other insidious traits keep the pollution battle alive. The industry which pollutes the air with its industrial odours only one of many such situations. There are also elected representatives who are afraid to offend some industrial giant by suggesting they promote a 'clean-up program'. This fear is sparked by social, financial or some other reason but it still exists.

When someone begins objecting to this kind of action they are told not to rock the boat. Pollution probe was one organization that no one wanted to hear from, and they were designed to alert people to the problem, before it was too late. We take exception to such suggestions and commend anyone who is pollution conscious. It was exactly one year ago that Pollution Probe was here, and we assisted them in gaining some attention. It was all worthwhile.

Fresh air, clean clear water, and the natural beauty of our Haliburton Highlands is something that I hold very close to me. So this is our pledge — to work continually towards this goal and let the chips fall where they may.

Here is Mike Elder, the handsome manager of the Lake of Bays Water Ski School, which is located 4 doors west of the Glenmount Road Marine. Mike is an award-winning water ski instructor — he knows what the game is all about.

WATER SKI TIPS

by Mike Elder

If you are a beginner water skier who is learning to cross the wake, remember to make the move smoothly and keeping your knees well bent to absorb the shock of hitting the wake. When you get outside the wake you should turn and come back over the wake with the tips of your skis first. This becomes much easier with practice.

For the advanced skier there are all sorts of things to try. One of my favourites is barefoot. It is not uncommon to see our cutter ski boat towing three barefoot skiers at one time.

The position for bare foot is like sitting in a chair with your knees well bent and your arms holding the rope close into your body. Remember to keep your toes pointed upwards and lean well back. It is also a good idea to wear a jump jacket of some sort when attempting barefoot as spills are unavoidable and at 35 mph the water feels like cement.

With proper instructions and a good boat driver, barefoot skiing is relatively easy to learn and a great thrill when you master this technique.

"I LIKE LISTENING"

by Ross Leslie

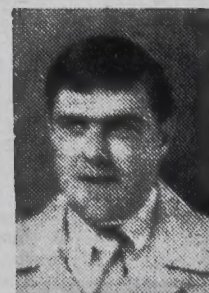

Now a few words about problems radio advertisers often face, learning the jargon is one, R.O.S., Vertical Plan. Rate hold, Flashettes, Minimum Guaranteed Placement and there are Rotation, Premium Charge, Production Charge and Adjacency. It pays to disregard the slick claims of many stations promotion departments, these hucksters are expert in the world of half-truths misleading innuendos and lies. I'm afraid that radio advertising is costing more, and delivering less. Here are some questions that many experienced advertisers ask: Does the station actually air the campaign at times promised? Does the station have a rubber rate card? Does the product or service lend itself properly or economically to radio — a bank statement does not. Should a rating service be subscribed to? I belonged to BBM (Bureau of Broadcast Measurements). Does the station provide good "product separation?" Is the commercial kidded too much by the announcer or DJ? Can the station be trusted to not lose or erase tapes belonging to the advertiser? Can results of the campaign be measured with a degree of accuracy? It is important to not select a station on the basis of its number of watts — for example Johnny Lombardi's 50000 watt CHIN does not carry much farther than John Evan's 250 watt CFTJ. That's because many other factors play their role. See you next week.

LIQUOR STOLEN

Police report that the person or persons who removed a quantity of liquor from the newly opened Wilberforce liquor store entered the building through an upstairs window and went down into the store area. The occurrence took place Saturday night and investigations are continuing conducted by Prov. Const. W.F. Devereaux.

**Speaking On
SPORT**

by LARRY SCOTT

The Minden Merchants have taken a 2 to 0 lead over the West Guilford Redmen in their playoff series while Irondale and the Haliburton teams are tied one game apiece. Merchants opened the series at home with a 4 - 2 victory last Tuesday night. On Sunday night they travelled to West Guilford and took home a 11 to 4 victory. The next game in the series will be in Minden on Wednesday. It is hoped that the fans will keep showing their fine support as they have been doing all year. The Merchants have an excellent chance repeating as League Champions.

In Minor ball this Thursday sees West Guilford in Minden at the fairgrounds at 6:30. The Rotary Pee Wees are the hosts. Last week the Legion Pee Wees won their first game over Guilford by default.

The Novice see action on Sunday at 6:30 with Snowdon taking on the Rotary Novice.

Minor ball will be taking orders for jackets during the next two weeks. Closing date will be August 17, 1971. When placing your order a deposit of 75% of the price of the jacket will be required as it has to be sent along with the order. Don't be disappointed order now.

Final arrangements were made during the past week for the First Annual Minden Progress Open to be played this year at Beaverbrook and Blairhampton Golf Courses. In case of a tie the persons tying will play sudden death starting at the seventh hole at Blairhampton.

Registration is now being taken at the Progress Office and will be taken up to the 26th of August. Anyone not registering by the 26 of August may do so on the day of the tournament. Registration early means select tee off times. Those registering late on the day of the tournament will have to take whatever times are left. A good turnout is expected from both home golf courses and a good turn out from our neighbours to the east Haliburton and north West Guilford are expected. The entry fee again is only \$10.00 which covers green fees for both courses. The remainder of the money goes into cash prizes. We knew you wanted a tournament so lets all get out and support this one.

I really enjoyed the boxing at the arena during the Rotary Carnival. These little fellows really put on a good show, and a fine account of themselves, even those who lost. Sometimes it makes a better person out of you if you can accept defeat. One thing for sure the losers never quit. It was interesting listening to the comments coming from all the kids on the outside watching. They sure could talk a good fight and had tendencies to give those in the ring a going over verbally. For those fellows I say next year try it yourself climbing through those ropes in front of a large gathering, and defend yourself.

In the first fight Mark Greir gave a fine aggressive exhibition, outpunching Leslie Booth to win. Leslie on the other hand never stopped coming in for more. This was the third year in a row for Mark, while Leslie's dawned the gloves for the first time. In the second match Brian Shaw was the winner over Doug Loughheed. Brian had plenty of stamina as he forced the fight from the start. Doug Loughheed gave a good account of himself and landed a few good blows, keeping Brian on his toes. In the third bout Mike Collis was the winner over Shannon Mercer. Shannon had a hard time dodging Mike's punches while at the same time keeping his long hair out of his eyes.

SUMMER CARE OF ANNUALS ASSURES LONGER BLOOM

Your annuals may become straggly and overgrown during the summer months. With a little care and attention you can keep them healthy and vigorous, say horticulturists with the Ontario Department of Agriculture and Food.

Usually pruning will force plants to branch from the base and provide a longer show of colour. Hedge clippers can be used to shear plants such as alysium. The new growth will produce flowers for late summer and fall.

Pinch back petunias to force new shoots. This makes the plant more compact and keeps it blooming. As much as 6 to 10 inches of stem can be pinched off. If done on a regular basis, one stem can be removed at a time rather than suddenly.

Annuals grow better if weeded regularly and watered when necessary. Application of a recommended fertilizer also benefits your plants.

JUICY RASPBERRIES READY FOR PICKING

Ontario's raspberries are ready for picking. Visit a pick-your-own farm or brave the woods. Fresh raspberries are really worth the effort. Special care when picking to be sure the fruit is not damaged will pay off in plump, juicy, perfect raspberries for all your favourite desserts, jams and preserves.

Before leaving on your berry picking trip, include the picnic cooler on your necessary equipment list. The picnic cooler serves double duty. It can carry a lunch on the way down and the raspberries on the way back. Keeping the raspberries cool during the period between picking and storing in the refrigerator at home, will add 1 or 2 days to the storage life of the berries.

Once home, sort through the berries and remove any bruised ones for immediate use. Then store the perfect berries, unwashed and uncovered, in the refrigerator. For the best flavor and quality, use raspberries within 3 or 4 days, suggest food specialists at the Ontario Food Council, Ontario Department of Agriculture and Food.

Prepare raspberries just before using. Wash carefully under cold water and drain well. If you would like to have a little more juice with the berries, sprinkle them with finely granulated sugar and allow them to stand in the refrigerator for at least half an hour.

FIVE CHARGED WITH BREAK - IN

Five persons appeared in court here Tuesday charged in connection with a break-in at the Pleasant Park Amusement Centre.

The five are Stuart Garrison and Sandy Scott, Hamilton; Hans and Donald Bost, Val Caron, Ont., and a Hamilton juvenile.

Police say the five persons were camping in the area, and allege that they broke into the amusement centre, which was closed for the summer and ram-sacked the place. Provincial Const. W.F. Devereaux is investigating the Saturday occurrence.

DANDY SIZED BASS CAUGHT AT DORSET

A 4¾ lb., 21 inch bass was caught close to Dorset in Trading Bay just West of Clayton's Store and Marine. This fine small mouth bass was caught by Alan Young of Young's Sporting Goods — Toronto Dominion Centre. The fish was caught on a specially designed lure.

ABOUT THE TOWN

With Jeanne Sears

Rotary Carnival is over once more, but the crowds there seemed to enjoy themselves whether watching the parade, the stage show, the boxing, the rides or the games. The first car in the parade driven by Frank Welch had as passengers Warden Roy Windover, Reeve Charles Brandon, L. A. Pritchard and Earl Hewitt. The planning which goes into an effort such as this Carnival is a great amount of work and is a credit to the Rotary Club and Chairman Al Greir.

Congratulations to the newly weds Mr. and Mrs. Larry Reynolds (nee Sharon Jeanbron) who were married last Friday evening.

There was a group of People from Dysart Scotland visiting the Municipal Office and Library at Haliburton last week. They brought several articles to leave there and took some pictures of the Coat-of-Arms but strange to tell, no one seems to know how this Township (Dysart) was named. We would appreciate anyone sending us the facts if they have them.

Mrs. Peter McCloskey and family are enjoying a visit with her parents Mr. and Mrs. Joe Dollo.

Tuesday was the day last week when over 100 antique and vintage cars were in our Area, with many of the passengers having dinner at the Wagon Wheel restaurant. These cars brought memories of many incidents amusing and otherwise to many.

Mr. and Mrs. John Buttitor and family, after a trip to Newfoundland, are holidaying with his parents Mr. and Mrs. Frank Buttitor.

Theatre presentation at the High School Auditorium next Monday night will be a comedy "Marriage Go Round" presented by Kawartha Summer Theatre time 8:30.

Here's an odd thing cows in Huitikon Switzerland are no longer allowed to wear bells between 8 p.m. and 7 a.m. lest they disturb the sleep of the residents.

Patients at the local hospital on Monday were Phillip Carr, Mrs. Marjorie Francis, Miss Lori Miles and Findlay Berry. In Ross Memorial is Mrs. Molly Locke and in Toronto General Arthur Young and Len Lonsberry.

Lucky winner of the 50-50 Draw of \$75.00 made during the Rotary Carnival was Mrs. Marlin Gartshore. Congratulations.

Several rainy days again last week, wish we would have some sunny weather.

Cheerio until next week.

SUCCESS STORY

Three Mile Lake in Armour Township near Burks Falls was found to contain only few brook trout in the way of game fish when it was first biologically surveyed by the Department of Game and Fisheries about 40 years ago. In spite of repeated trout plantings before and after that time, trout fishing was not very rewarding, and considerable public demand arose for the introduction of something more catchable.

A second survey in 1953 led to the conclusion that the lake was on the shallow, warm side for good survival of brook trout. It also drew attention to the existence of suitable spawning sites for warm water fish such as pickerel, and plenty of food in the form of forage fish.

The proposition that a trout water be converted to a warm water species fishery must be examined carefully before the action is taken, for the former are in short supply and the process is for practical purposes, irreversible. But in the case of Three Mile Lake, in the near vicinity of which several much better trout lakes exist, the potential rewards seemed to outweigh the loss, so in 1957 the Department of Lands and Forests released 93 adult pickerel there.

From that point it becomes a success story. Not too far into the 1960's anglers began harvesting the first progeny of the parent pickerel. There have since been seasons of poor fishing as happens in most pickerel lakes, but since late last summer catches have been particularly good. Although some big ones have been landed, the current run of fishermen's luck probably reflects the arrival at a catchable size of fish from a better than average batch that occurred in a spring a few years ago when conditions happened to be right.

Fishing won't always be as good as it is now, but it is obvious that pickerel are in Three Mile Lake to stay.

ANIMAL LOVERS

It's all right to love your dog, but it's all wrong to love wild animals the same way. Better not pet that pretty fawn that seems to be lost. Very likely its mother is nearby. The danger is that the fawn will starve to death because the doe is frightened away by the terrifying man smell left by your loving hands. So do not cuddle the wildlife. Love 'em and leave 'em be.

NOTICE

The Expropriations Act 1968 - 69 NOTICE OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND

Department Of Transportation And Communications
IN THE MATTER of an application by the Minister of Transportation and Communications for approval to expropriate in the Township of Snowdon, in the Provisional County of Haliburton.

FOR THE PURPOSE of acquiring sufficient land to widen Highway Number 519.

NOTICE IS HEREBY GIVEN that application has been made for approval to expropriate the land described in the schedule hereto.

Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing,

(a) in the case of a registered owner, served personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;

(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice.

THE APPROVING AUTHORITY IS

Minister of Transportation and Communications
Parliament Buildings, Toronto 5, Ontario.
Minister of Transportation and Communications
H. F. Gilbert, Superintendent of Properties.

NOTES:

- The Expropriations Act, 1968-69 provides that,
 - where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;
 - the inquiry officer,
 - shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and
 - may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed \$200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.

- "owner" and "registered owner" are defined in the Act as follows:

"owner" includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian, executor, administrator or trustee in whom land is vested; "registered owner" means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the proper registry, land titles or sheriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;

- The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

SCHEDULE

In the Township of Snowdon, in the Provisional County of Haliburton being:

- Part of:

- Lot 5, South of Station Street, Registered Plan 1, designated as PART 4 on Department of Highways' Plan P-7047-27 deposited in the Registry Office for the Registry Division of Haliburton as Plan RD-180.

This Notice, first published on the 29th day of July, 1971.

NOW HEAR THIS

by Lorna Rogers

Twenty-one years old and old enough to get the vote as the greatest event of its kind in the world — The Canadian Open Championship Fiddle Contest! This year, Fiddleville, as Shelburne, Ont. is fondly referred to, plays host to fiddlers from all over Canada and the U.S. on August 6 and 7. As has been the custom since 1951, CBC Radio will carry the finals, Saturday, August 7 at 11.30 pm. Back again to entertain are the familiar personalities for so many years an indelible part of the broadcast: emcee 'Cousin Bill' Bessey; Gordie Tapp, in the person of that bumptious bumpkin, 'Cousin Clem'; The Rhythm Pals; Al Cherney, a former Contest champion; and comic Vince Mountford. Also present will be three time winner Graham Townsend who is obliged to give up his crown as reigning champ to a new contestant this year.

Producer John Cantelon has planned a special on air salute for the 21st Contest which has as its theme, Coming of Age. Special mention will be made of Reid Forsee who produced all but the first broadcast until his death in 1968, and is affectionately remembered by contestants as "Mr. CBC" and Fred Claridge, publisher of the Shelburne Free Press and Economist, longtime publicity man for the Contest, now recuperating from a serious operation.

From an evening of jigs, reels and waltzes to an Evening Opera, on CBC Tuesday Night,

August 10, featuring soprano Lois Marshall and tenor Jean Bonhomme in arias from Carmen, Le Cid, La Gioconda and Tosca. This concert, with Eric Wild conducting the CBC Winnipeg Orchestra, was recorded at the CBC Winnipeg Festival, 1971.

Eugene Kash, noted conductor, performer and teacher, joins the Thursday series, MusicScope for conversations and commentary for 13 weeks beginning August 12. A former director of music for the National Film Board, he also was conductor of the Ottawa Philharmonia for several seasons. For the past four years Mr. Kash has held the post of associate professor and director of ensemble at the Philadelphia Academy of Music. He recently moved back to Toronto with his wife contralto Maureen Forrester, and their five children.

One of the judges of the 1971 choral competition broadcast in the series, Let the Peoples Sing, was Carl Little, assistant network supervisor of serious music, CBC Radio. The finals of this international competition will be heard August 13.

"For the first time," says producer John Reeves, "the story of Joan of Arc is handled by a detached and objective historian." Reeves is talking about his production of Joan of Arc based on the book by Re'gine Pernoud, scheduled for Theatre 10:30 the week of August 9. It is a historical study of the trials of the Maid of Orleans, based on primary sources without the usual romanticism involved in most treatments of her story.

THE LOG CABIN

The Log Cabin is the place for you, filled with exciting gifts and works of ART from Canada and all over the world — at prices you can afford.

The Log Cabin is colourful and most unusual. Situated on Highway 118 between Dorset and Baysville across from Bigwin Island.

NOTICE

The Expropriations Act 1968 - 69 NOTICE OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND

Department Of Transportation And Communications
IN THE MATTER of an application by the Minister of Transportation and Communications for approval to expropriate in the Township of Snowdon, in the Provisional County of Haliburton.

FOR THE PURPOSE of acquiring sufficient land to widen Highway Number 519.

NOTICE IS HEREBY GIVEN that application has been made for approval to expropriate the land described in the schedule hereto.

Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing,

(a) in the case of a registered owner, served personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;

(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice.

THE APPROVING AUTHORITY IS

Minister of Transportation and Communications
Parliament Buildings, Toronto 5, Ontario.
Minister of Transportation and Communications
W. F. Walton, Chief Agent, Administrative Services.

NOTES:

1. The Expropriations Act, 1968-69 provides that,
(a) where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;
(b) the inquiry officer,

(i) shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and

(ii) may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed \$200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.

2. "owner" and "registered owner" are defined in the Act as follows:

"owner" includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian, executor, administrator or trustee in whom land is vested;

"registered owner" means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the proper registry, land titles or sheriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;

3. The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

SCHEDULE

All right, title and interest in the land described as follows: In the Township of Snowdon, in the Provisional County of Haliburton on, being part of Lot 14, Concession 9, designated as PART 9 on Department of Highways' Plan P-7047-27 deposited in the Registry Office for the Registry Division of Haliburton as Plan RD-180.

This Notice first published on the 29th day of July, 1971.

MOON RIVER PICKEREL

The Department of Lands and Forests' pickerel tagging crew has finished operations at the Moon River for another spring, after catching 2263 pickerel, 1504 of which were marked for later identification with numbered tags raising the total number the total number tagged since 1968 to 12,460 fish. Also in the 1971 catch were 631 fish tagged in previous years. This year, a trap net was also operated at the mouth of the Blackstone River, a nearby small spawning bed, where 163 pickerel were tagged.

The reason for this was to see what mixing occurred between the Moon River and Blackstone Harbour populations. Twenty-two of the fish caught at Blackstone already bore Moon River tags, so considerable mixing does occur.

The spawning run got a late start this year as it did everywhere, but came on strong in early May. By the end of the month there were still some fish in the rapids but to all intents and purposes spawning was then completed.

Like last year the spawning population was made of the two strong year classes which are supporting the fishery, those hatched in 1960 and 1965. These fish now have a length of approximately 26"-30" and 20"-24" respectively, a size most acceptable to fishermen.

Fishing was very slow when the season opened (as usual at the mouth of the Moon) but over the last three weeks some nice catches have been brought in. But you have to work for them. Very few fish are being caught in the daytime and the best catches by far come after dark, often in the wee small hours of the morning. The most productive baits at the moment are large rapala-type lures and worm harnesses.

Last winter's deep snow provided a heavy spring runoff. A heavy flow in the Moon River always improves the fishing at the rivermouth area and extends into the summer.

Tag return from fishermen in the last few years have given us some insight into the movements of these fish and the factors affecting their movements. We are also able to get facts on mortality rates, total harvest and much other valuable data that will help in managing this fishery. So keep those recovered tags coming and send them to any Lands and Forests Office.

We will be glad to give you a history of the fish you catch and answer questions on the study or the fishery.
